

Apex/Alina/Concerto Pool Re-Opening Plan

The pool is opening on Monday, June 8th, 2020-Hours of Operation: 10am to 7pm

All reservations will be taken by the Apex Front Desk for all 3 communities, and reservations will be placed in Building Link. The front desk will have a digital copy of a rent roll from each community with unit numbers/names, so they know who the resident is and what community they reside at

No guests are allowed, residents only

All reservations must be made 24 hours in advance, residents cannot call the day of. All Lessee and Occupants are allowed, one reservation per person (if the apartment home has 4 residents, then all residents are allowed) however, there will need to be 4 reservations made (one per resident)

There will be a total of 60 reservations per day and broken down as the following:

Apex-25 residents, Alina-25 residents, Concerto-10 residents

The reservations will be in designated blocks of time of 1.5 hours, 10 residents for that 1.5 hours, then after the reservation, INX will come and disinfect everything. They are allotted 30 minutes to have this area sanitized before the next reservation. If a reservation is not fulfilled, then that spot cannot be reserved by another resident since we do not take same day reservations

We will have a Pool Concierge to monitor everything from 10am to 7pm, to ensure residents are social distancing, and have masks on unless they are inside the pool, and following all City and CDC Guidelines that are required

All 10 chairs will be 6 feet apart

We will be posting all the necessary signage at the pool at every entrance, and we will have a table at each entrance with hand sanitizer, however we do encourage residents to bring their own sanitizer as well

Hand sanitizer will be placed in the bathroom as well

We have ordered stickers for the 6-foot distancing rule, that will be placed all around the pool and hand sanitizers to place on the glass at every entrance of the pool area when they come in. They have not arrived yet (hopeful today or tomorrow)

The grills will be reserved by appointment only

INX came out today, 6.5.2020 to clean the whole pool area, clean all the furniture and they will be back on Monday, June 8th in the early morning to power wash the concrete as they could not get it done this weekend. I walked with Christian from INX as of the how the process will work, and what is expected. The schedule is in place, and I will share with you all on a separate calendar

Residents are allowed to bring food/drinks. However, they are not allowed to share anything amongst non-household members
